Veillez écrire un court résumé expliquant pourquoi vous désirez vous impliquer auprès de l'association. Please write a short text explaining your reasons for volunteering in the association.

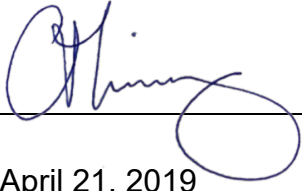

I want HMIP to be a best-in-class organization. I want to be proud of HMIP. Wishing doesn't make it so.

The challenges I see coming require HMIP to make some important decisions for the future of hockey in Ile Perrot. At this critical juncture, it is time we value experience over opinions. It is important that we get the best people in the right positions. This model is the foundation of any great organization.

Having been a team manager and coach for the last 3 seasons, I can appreciate all the hard work and effort that goes into a hockey season. This past year was especially challenging given the situation with the ice time, the double letter teams, development, player rankings and the finances. The effort that the CA and volunteers put into the season is remarkable, however there are many things that can still be improved, modernized, and simplified for volunteers, parents and coaches in order to make HMIP best-in-class.

I am an experienced founder/entrepreneur who has built my company from nothing to a world-class tech company with hundreds of employees and partners across North America. I have the experience, knowledge, understanding and ability to bring HMIP to the next level and help teach, all those who are willing, on how to do the same. My goal with volunteering on the board will be to help use my experience and network to establish a long-term, sustainable, framework that is clearly articulated and tracked. In so doing, we can make HMIP a top-notch hockey association for everyone.
